

WEBELOS

Learn to use the library's online databases for research and earn your Scholar Activity Badge!

One of the requirements for the scholar activity badge is to research different kinds of schools and the history of our public school system. Your library has the tools to help you complete this requirement.

Bring your den and use search engines like Yahoo Kids and databases like Awesome Library to look up the information you'll need to know. Check out your library's local collection of information about when your school first opened.

All Webelos are welcome to join us!
